Message from the MEN'S CLUB

The good golfing weather is about over for this area, and I think we have been very fortunate to have what we have at our Club. We have a very nice course to play on that is in excellent condition and seems to be getting better. We also have a very nice Pro Shop and our Club Pro and his assistant are great to work with. I would like to thank Brant and Joe for their help in running our tournaments. If you have any suggestions for tournaments for 2012, let your Men's Club President know.

Hope you have a great winter and for those of you who are going south, have a wonderful golfing winter.

Charles Earl

Message from the LADIE'S CLUB

Thank you to everyone who came to the Fall Banquet. Another season has come and gone. Happy golfing during the winter months to our members who are annual snowbirds.

Congratulations to the new officers for 2012. Please welcome Liz Thomas, President; Sonnie Newman, Vice President; Kathy Brauer, Secretary and C.J. Griggs, Treasurer. Please support and help them as they lead us through the next season.

Thank you each for your support and friendship over the past two years. You have been a wonderful group of ladies to work with. I am honored to have had the opportunity to serve as your president.

Happy Golfing,

Carole

November is the month that frost delays occur more often than not. Frost is dew that has become frozen on the leaf of the grass plant. Frost crystals that are walked on or driven on by a golf cart can puncture the cell walls of the grass plant and cause it to die. Please call the golf shop to see about frost delays. Thanks in advance.

October was a busy month for your staff. We renovated the walk-on area at #2 men's tee. We will complete the project sometime this month. We have been raising sprinkler heads around the greens to improve the performance of the heads and to eliminate the possibility of another injury. Chasing leaves is a huge task for your staff during the fall. The new Buffalo blower is paying huge dividends as it has allowed us to get around the course much faster. We restacked the stone wall at the practice bunker last month to improve the appearance. The practice bunker was also redrained and new sand was installed.

The orange lines have disappeared for the golf season. Now that the bermuda is dormant, it is better to allow cart traffic to scatter their way back to the cart path. Focusing the exit point with a line will cause thin turf next season. The green committee would like to remind members to not drive their carts around greens or tees. Cart traffic around these areas will cause unnecessary wear and tear. Thank you.

In conclusion, my staff and I would like to wish you and your families a wonderful Thanksgiving holiday. We thank you all for helping make Henderson Country Club a great place for us to work and for you to play golf. I hope to see you all soon.

Respectfully,
Jeff Sexton, GCS
